HAIR CARE SYSTEM

GETTING TO THE ROOT OF THE PROBLEM.

In the past, if you wanted to find products without harsh chemicals you needed to settle for hair care products that simply weren't as effective. Not anymore. Introducing the TrueScience® Hair Care System, the biohacker's approach to hair care. Formulated with the most recent advances in science and Nrf2 ingredients, along with clean ingredients that helps keep your hair healthy and strong, TrueScience Hair Care is a breath of fresh hair. The only thing you'll have to worry about is spending too long in the shower.

Product Info

Biohackers are never content with the status quo. We are prone to ask questions. So we asked ourselves: What if hair care did more? What if it wasn't just good for you but the environment as well? What if you could have the best of both worlds: cleaner ingredients that leaves your hair looking healthier? So, our scientists set to work. The next generation of hair care is now here. Engineered with Nrf2 science, infused with clean, effective ingredients,

the TrueScience Hair Care system is designed specifically for biohackers. It not only improves shine and body for fuller, thicker, healthier looking hair – it reimagines what hair care can do. No more choosing between good for you and good for the environment. No more harsh ingredients or marketing hype. No more simply cleaning hair without addressing the “root” of the problem. We've got your hair covered with biohacking's first hair care solution.

Benefits

CLEAN
ingredients

PROTECTS
Protects against environmental assaults by repairing dry/damaged hair

MINDFULLY
formulated with Nrf2
Ingredients

IMPROVES
shine and body for fuller and
thicker looking hair

INVIGORATING SHAMPOO*Directions*

APPLY desired amount of TrueScience® Invigorating Shampoo to wet hair and scalp.

MASSAGE into scalp and ends of hair.

RINSE thoroughly. Repeat if needed. Follow with TrueScience® Nourishing Conditioner.

Life is already filled with too many choices. That's why we created a shampoo that doesn't make you choose. Good for your hair. Good for the future. It cleanses with clean ingredients and invigorates with peppermint oil. TrueScience Invigorating Shampoo is formulated with Nrf2 ingredients and a blend of amino acids to help reduce hair frizz and strengthen each strand of hair. By selecting mild surfactants that create a gentle lather, you will get cleaner, healthier-looking hair without having to compromise.
